

SPONSORSHIP PACKAGES – 2020

One Hoof at a Time program at New Horserizons

One Hoof at a Time is a program started in Dec 2016, specifically designed for [uniformed professionals facing Operational Stress Injuries \(OSI\) or Post Traumatic Stress Disorder \(PTSD\)](#).

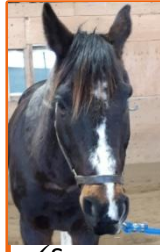

Our Equine Assisted Learning program consists of hands-on activities focusing on acting in the present, building self-confidence, learning boundaries and developing problem-solving strategies.

Your sponsorship enables us to put more people through the program every month in the form of regular EAL sessions, Peer Support combo events and half-day workshops with a mental health professional.
